

Plan of Work Log

Date	Task	Time Involved	Team Member Responsible	Comments
4/15/17	Reading the design brief and the rules.	20 minutes	Everyone	We educated ourselves on this event.
4/16/17	Finding a software to build the website and learning how to use it.	4 hour	Everyone	The software we chose was tricky because it didn't work well with multiple people on it at once.
4/18/17	Devise a plan on how to split up the work so we can complete the website in time.	15 minutes	Everyone	We gave the job of coding and designing to one person each, and the others worked on content.
4/20/17	Designing each of the website's pages and making them creative.	35 hours	#S3148	We had to make designs that were nice and appealed to the eye. We wanted our website to be different than the other entries.
4/20/17-5/12/17	Coding all of the website's pages.	50 hours	#S3150	Transferring the Google Drawing into actual code was very difficult. We hand coded our website, so it was much more difficult than using a website making app.
5/13/17	Touching up the website and adding effects.	4 hours	#S3150 #S3148	Adding finishing touches really made the website pop out.

4/19/17	Researching and writing about the Privatization of Space Exploration and the Future of the Space Industry	3 hours	Everyone	Group Members read different articles on the privatization of the space exploration and ways to explore space and then wrote an essay on this topic with detail. Finally, they designed a webpage on this topic.
4/21/17	Researching and Writing about What would Happen to Humans if We Failed to Explore and Inhabit Other Planets.	5 hours	#S3148 #S3143	They researched this topic and wrote about it.
4/23/17	Researching and writing about 5 Jobs.	2 hours	#S3148	The member researched different jobs and recorded their findings.
4/25/17-4/26/17	Researching and writing about different Space Vehicles.	3 hours	#S3148 #S3143	They researched interesting space vehicles and recorded their findings.
5/1/17	Researching and writing about the history of the US space program and the privatization of space exploration.	2 hours	#S3148 #S3143	They researched the topic and wrote about it.
5/3/17	Coming up with questions and interviewing 4 different people and transcribing	5 hours	#S3137	This member interviewed four different people who worked in a space-related

	their interviews.			field and created a webpage based off of the interviews.
5/5/17	Interviewing a 6th, 7th, and 8th graders on what they thought about the space program and the privatization of space exploration.	3 hours	#S3137	We asked students in our chapter what they thought of the topic.
5/8/17	Citing our sources	2 hours	#S3137	We had plenty of sources to cite.
5/10/17	Making this Plan of Work Log	1 hour	#S3137	They put down all of the jobs we did and filled out this plan of work log.
5/12	Getting our Student Copyright checklist and Plan of work log signed.	20 minutes	#S3137	Getting them signed was essential to show our judges that we had done honest work.
5/15/17	Uploading and sharing our website with the TSA officials.	10 minutes	#S3137	They uploaded all the code onto the internet and shared the URL with the TSA officials.
